ODEO SOS™ Installation and Maintenance Instructions

Description

The **ODEO SOS™** is a manually activated Electronic Visual Distress Signal (EVDS). It meets the requirements of 46 CFR 160.072.

Daniamant Limited

Unit 3, The Admiral Park, Airport Service Road, Portsmouth, UK PO3 5RQ
Telephone: +44 (0)23 9267 5100 Facsimile: +44 (0)23 9267 5101
www.daniamant.com

Installation

1. Remove from external packaging.
2. Open battery compartment by ensuring white tab is raised and twisting off base.
3. Fit four 1.5v AA cells. Cells used must be from these brands:
 - Ansmann Industrial Lithium
 - Energizer Ultimate Lithium(Lithium cells only)
DO NOT MIX OLD AND NEW BATTERIES
4. Close battery compartment, and engage white locking tab.
5. Secure **ODEO SOS™** in a suitable location so that it may be accessed quickly in an emergency.

Usage

Do not look into the flare, or direct flare into the eyes of nearby persons.

Activate the strobe by turning the white ring in the direction of the arrow, then hold outstretched in the direction of rescue.

It is recommended that spare lithium AA batteries are stored at all times with the **ODEO SOS™** flare to ensure extended operation if required.

Maintenance

Regularly inspect the unit for signs of damage and make sure that the batteries are installed and ready to activate.

Replace the batteries each year to ensure the unit is ready to be deployed.

When replacing batteries, apply a small amount of silicone grease to the seal.

Please note, other than the batteries, there are no user serviceable parts inside this light. If the light fails to illuminate during test, it needs to be replaced.

After use in salt water or long periods of storage, clean the unit with fresh water.

Testing

Do not look into the flare, or direct flare into the eyes of nearby persons.

It is recommended testing is carried out on a regular basis, depending on use. Please note that excessive testing or demonstrations will reduce battery life available for an emergency.

Warranty

Your **ODEO SOS™** electronic flare is warranted against manufacturing defects in material and workmanship for a period of 2 years from the date of purchase. Daniament will, at its discretion, repair or replace faulty product free of charge. Proof of purchase will be required in order for a warranty claim to be valid from the original purchase. All claims should be made in writing to the original vendor or Daniament.

Tampering with the unit will void any warranty.

Disclaimer

The technical data, information and illustrations in these instructions are believed to be correct at the time of print. No liability is accepted for any inaccuracies or omissions.

Product Disposal Instructions

Daniamant's Survivor Location Lights contain batteries as well as electrical and electronic components, and must therefore be segregated from the domestic waste stream and recycled. Disposing of this product correctly will help save valuable resources and prevent any potential negative effects on human health and the environment, which could otherwise arise from inappropriate waste handling. Daniamant's lights are marked with the symbol below which conveys that this waste must be treated separately from household waste.

To ensure compliance with the WEEE and Battery Regulations, the Survivor Location Lights placed on the market in the UK or Denmark should be returned to Daniamant in the UK or Denmark, or deposited in your nearest WEEE Designated Collection Facility, operated by your Local Authority.

Further copies of this installation and maintenance instructions are available to download from our website www.daniamant.com
A copy of these instructions must be held with the ships/owners training manual.
